JULY 2025

CORPORATE FACT SHEET

ARUP Laboratories is a leading national reference laboratory and nonprofit enterprise of the University of Utah and its Department of Pathology. We are a CAP-, ISO 15189-, and CLIA-certified diagnostic lab dedicated to providing our hospital and health system clients with unparalleled quality and service, and we continuously adapt to meet the ever-changing needs of the healthcare industry. Beyond quality testing, our goal is to continuously develop unique solutions that encompass the business of laboratory medicine and help community health systems remain cost-effective. ARUP celebrates more than 40 years of improving patient care.

We believe in collaborating, sharing knowledge, and contributing to laboratory science in ways that provide the best value for the patient—it's why we exist; why we care; why we are an academic, nonprofit institution.

- The ARUP Institute for Clinical and Experimental Pathology® sector has validated or developed **3,000+ tests** and test combinations and publishes about **145 peer-reviewed articles** per year.
- From the ARUP Institute for Learning, clients, physicians, and laboratory professionals earn approximately **145,000 continuing education credits** annually, at no additional cost.
- ARUP has **150+ nationally and internationally recognized** pathologists, subspecialty-qualified clinicians, board-certified clinical scientists, clinical variant scientists, and genetic counselors available for consultation, interpretation, and collaboration with clients.
- We perform **99% of all testing on-site**, processing an average of **70,000 specimens** of blood, body fluid, and tissue per day.
- Our **70+ labs**, jointly located on our **750,000-square-foot** main campus in Salt Lake City, Utah, provide all types of comprehensive testing, from routine screening tests to esoteric molecular and genetic assays.
- Our lab management consultants offer **24+ types** of comprehensive, customized services and products focused on lab stewardship, outreach growth, and lab operations solutions at little to no cost to our clients.

Visit **aruplab.com/facts** to learn more about how ARUP improves healthcare every day.
